THE NEW PATENT
Never-Failing, Self-Locking
WINDOW FAST.

The only substitute for weights and pulleys, and a complete and perfect SELF-LOCKING spring, at less cost than the old unreliable and unsafe ones heretofore introduced. *No Catching, Hitching, Breaking, Slipping, or Dropping*, but ALWAYS SAFE,—Self-Locking and NEVER-FAILING. No cogs, cams, wheels, bands or rollers to get out of order, or tempered steel springs to break. It never fails to *hold and lock* the window *just where you leave it*, from being raised or dropping down. It can be raised or lowered the merest trifle, for ventilation, and then and there *lock itself*. *No other* window fixture pretends, does, or can, *lock* the window securely in every place or position. It works equally well *on top or bottom sash*, is *simple*, *stronger*, more effective, durable, and *cheaper* than any spring ever introduced. Critics are challenged to find a single fault. It is cheaply and *easily applied* by any mechanic to *old or new windows*. Every lock is *made* in the most thorough manner, and *warranted perfect*. Descriptive Circulars, with Card List of Prices, sent promptly on application.

VALUABLE
Timber Lands
And Mill Property
FOR SALE.

THE subscriber, desirous of disposing of all his interest in Timber Lands and mills, will sell on favorable terms the following:

One-Half Township No. 5, Range 4, Oxford County.

The whole township contains twenty-six thousand (26,000) acres, is heavily timbered with spruce, estimated at sixty to eighty millions, all of which stands within near and easy hauling distance of the Magalloway river or its branches, which runs through the town, or Parmachena Lake, which is embraced within its limits.

Also 16,000 Acres of Land in the Town of Byron, Oxford Co.,

well covered with large Spruce timber. Swift river and its branches run through these lands and empty into the Androscoggin below Rumford Falls.

Also 1100 Acres Timber and Wood Land in Town of Gorham, N. H.

two miles above the Alpine House, on the line of the Grand Trunk Railroad, and the banks of the Androscoggin river. There is a large quantity of wood on these lots which, from its proximity to the Railroad, is steadily increasing in value.

Also 2500 Acres Lands in the Towns of Albany and Stoneham.

near the village of North Waterford, Oxford County. This land is covered with thrifty sapling Pine timber, standing near Crooked river, which runs through the tract. Logs put into Crooked river can be run to Saccarappa, or by hauling four to five miles they can be put into the Saco. There is a good mill privilege, with a single saw mill on the tract; distance to the canal at Harrison ten miles; to the railroad at South Paris twelve miles. The land is valuable for settling purposes after being cleared of timber.

Also 433 Shares of Stock in the Lewiston Steam Mill Company,

the whole capital stock being represented by 627 shares. The property of the company consists of a Steam Saw Mill, capable of manufacturing five million feet of long lumber, with a proportionate amount of clapboards, shingles and laths. About fifteen acres land in the city of Lewiston, well located for building purposes, and thirty thousand acres of timber land, well located on the Androscoggin river and its branches, from which but a small quantity of the timber has been cut.

EVENING DISPATCHES.

HAYTIEN NEWS.

NEW YORK, Jan. 21.

A St. Thomas letter has further advices from Hayti.

A Provisional government was formed after the capture of Port au Prince with Saget as President and Gen. Dominique Vice President. Decrees were issued convening the legislature and announcing that the paper money issued by Salnave will be redeemed until February 1st at the rate of $10 for $1.—It is not known where Salnave has fled. The revolutionists, including Chevalier, have been shot. Quite a force of Salnave's late adherents still exist.

The ram Atlanta had not arrived at Port au Prince, although she was out from Philadelphia 22 days.

At the taking of Port au Prince the national palace was destroyed by shells from the steamer and the explosion of large quantities of ammunition.

MISCELLANEOUS.

NEW YORK, Jan. 22.

A large number of merchants called on Collector Grinnell this forenoon and assured him that the use of their names by the cartmen was unauthorized, and that they, the merchants, fully endorsed his reform in the Custom House cartage, which will be the means of saving them from great imposition. The reform will be fully carried out.

The train from Jamaica for Hunter's Point, on the Long Island Railroad, was thrown from the track on a bridge over the meadows this morning, by a collision with a coal train. George Jones, baggage master, and John Harming, a passenger, were seriously injured. The stove set fire to a car, but was extinguished before gaining headway. There were 150 passengers on the train and their escape was miraculous.

The stock market was strong and more active, with a general improvement in prices.—The greatest activity and advance were in Lake Shore, Northwestern & Rock Island.—It is now stated that the new issue of Rock Island stock was about $2,000,000, and the share capital of the road will stand at $16,000,000. On the street to-day there was a large business in Rock Island stock, the price ranging from 103⅞ to 105¼, with frequent fluctuations between these two figures. One leading broker offered to lend any amount of money on the stock, up to a million dollars, at 7 per cent., with the stock pledged at 90c. Another broker in the crowd offered one per cent. to put the stock at 103 in fifteen days.—The bonds of the road have also advanced.

DEATH OF AN EMINENT MAN.

FEMALE SUFFRAGE.

WASHINGTON, Jan. 22, 1870.

The Committee for the District of Columbia met in joint session this morning and received and heard a delegation from the Female Suffrage Convention in favor of the exercise of the right in this district. The delegation was nearly 200 in number, mostly ladies. The convention was addressed by Mrs. Stanton, Mrs. Hooker, Miss Anthony and several others. The last named speaker said that if only one woman in the United States or in District desired to vote, they should have the right to do so. The Committee listened attentively to the speakers, but gave no indication of a disposition to grant their request.

Further particulars of the execution of Traupman for the most revolting crime of the year have been received. Before daylight Heidenreich, the official executioner, tested the scaffold—which had been erected during the night on the Place de la Raquette—fastened the axe to the block, and proceeded to the prison. The Director of the prison conducted him in person to the cell of Traupman, who appeared pale and excited, as if having passed a sleepless night. Laying his hand upon his shoulder Heidenreich addressed his victim, "Thou belongest to me." A perceptible shudder passed over his frame as these terrible words were pronounced, and Traupman seemed to have completely lost the self possession which characterized him during his trial. His hands were tied behind his back, a short chain was put to his feet, which permitted him to make very short steps, and the chain was connected with the hands by a rope. Notwithstanding the early hour, the execution was witnessed by a great crowd of people. He persisted in his story that he had accomplices—but the mob yelled at the ruffian until he had ceased to exist.

Gen. R. E. Lee has written a letter on immigration to the Southern States, in which he says he believes the prosperity of the South can only be secured by the introduction of a respectable class of laborers from Europe, for although temporary benefit might be derived from importation of the Chinese and Japanese, it would result in an eventual injury to the country and her institutions. We not only want reliable laborers, he says, but good citizens, whose interests and feelings would be in unison with our own.

THE DEMAND FOR ECONOMY.

The country calls for reduced taxation, and for that end retrenchment and economy in the public service. This has been promised and up to this time practiced by this administration. The remarkable and startling speech of Mr Dawes in the House the other day, therefore, took the country by surprise, as his revelations are astonishing if true, and if not true they call for emphatic denial in the name of the party which made the administration. Mr Dawes' statements have been generally denied, but no definite contrary statements have yet been made. He is Chairman of the Committee on Appropriations, and his statements will receive a wide belief. If certain personal disappointments have warmed his prejudice and lead him to concoct this arraignment of his friends, as charged by some of his colleagues, from motives of revenge, of course his figures can be disproved. If he is correct in all that he says, he shows us a condition of things far from hopeful.

Let us see in brief where Mr Dawes leads us. He gives the sum called for by the Secretary of the Navy for each Navy Yard in the country, footing up besides the $800 000 for League Island against which he was arguing a total expenditure of $3 607,394, against $451,000 last year. Another item is that the book of estimates for the next year contained appropriations for public works to the amount of $24,625,173 against appropriations for the same object last year of $5,493,000. And finally Mr Dawes says that our officers now estimate that they can carry on the government for $331 597,274—more than twenty eight millions above the cost of the last year under Johnson, and an increase of more than forty-eight millions over the amount appropriated for this year.

We can scarcely credit the extent of this exhibit. We know that several sources of expense, like the purchase of Samana Bay, are included in our prospective expenditures, but we can scarcely see where this increase can arise upon the eve of a promised reform in every department. Many who ought to know as well as Mr Dawes assert that he errs in his information, and that he has come to hasty conclusions, and that the rule of economy is to govern us in good faith. The country demands reduction of expenditures, and a stoppage of official waste, as a means to arrive at reduced taxation, and the people will anxiously await further developments.

The periodical bugaboo of the State of Maine is "paper credits." Its head has been peeping up for some time past, and the other day it boldly reared itself in the House of Representatives. Mr. Hume of Cherryfield pegged away at it and thought he had uncovered an immense ghost. He instanced the town of Tremont, which had, as supposed paid all its war debt, but went to Augusta to find $4,400 set against its name in the office of the Adjutant General. The town of Orrington must have been in even a worse condition for Mr Hume tells us that when the town agent found how the matter stood, "he hardly dared go home for fear that the citizens might lynch him." Now, laying aside all imaginary pictures of that sort, which scarcely accord with the decorum of our neighboring town or with the facts, it is evident that there is a little smoke still bewildering the view of some people upon this question. By all means, let us be enlightened upon it. Let the Legislature thoroughly investigate it at once, dispose of it finally and not bequeath it to its successors. We object to every successive Legislature "investigating" till the expense swallows more than the whole cost of "paper credit." Settle the matter *now* forever. Investigations are popular in dull times for sensation, but they are too expensive to bear many repetitions upon the same subject.

The wheels turns slowly but surely in all just reforms. The growth of the Fifteenth Constitutional Amendment is an example of this rule. The Democratic party have fought this measure with a desperation that best illustrates its justice and its danger to that association of demagogues, and blind partizans, and ignorant victims of corruption. It grows in favor and is approaching success notwithstanding the caviling and temporary checks of the party which stands like a frowning but crumbling wall before the march of progress. Twenty-eight States are necessary to ratify the Amendment which is to secure the rights of all citizens of the United States. Twenty-five have adopted it in good faith, as follows: Maine, New Hampshire, Massachusetts, Vermont, Rhode Island, Connecticut, Missouri, Ohio, Illinois, Indiana, Kansas, North Carolina, South Carolina, West Virginia, Virginia, Wisconsin, Florida, Michigan, Louisiana, Pennsylvania, Arkansas, Alabama, Mississippi, Minnesota, Nebraska and Iowa. New York ratified it last winter, but Tammany has added another infamy to its long list by captiously rescinding it and although we think the decision will be that this action is illegal we do not include it in the list. Georgia and Texas will of course ratify the amendment in order to comply with the act of reconstruction. So, no matter how tenaciously the Democratic managers adhere to the past, the future seems liable to ignore their pretensions altogether.

We almost had reason to hope that the Aroostook Times has experienced a change of heart from the following extract:

> "We never have opposed and do not oppose the charter and the building of a road from Molunkus to Presque Isle, ten or fifty miles west of us, and only ask that the friends of such a route will graciously permit the people of Eastern Aroostook to have the right of way for a road which they hope to see built for their own convenience."

Now, our impression is very strongly fixed that you *did* last winter oppose the granting of a charter to build a road "ten or fifty miles west of" you. If we are mistaken in this, we are willing to be corrected and forgiven.

The fact is just this in brief. Certain men who find it useless any longer to fight the Aroostook railroad, now propose to kill it by offering a counter movement.—They very well know that the granting of two charters for Aroostook railroads places both schemes in great doubt—in fact, that the granting of a charter to build a road through the eastern townships would quite effectually discourage the building of a road through the centre of the county. So it is for their interest now to declare a truce with the genuine scheme the better to fight it insidiously with bogus projects.

At this stage of the game, all we ask is fair play that the Legislature grant a charter to that company that will build for the accommodation of the majority interest, and that shows the best prospect of early success.

The Portland Advertiser thus epitomises about as much senseless twaddle as we ever saw in one short paragraph.

'A Boston paper [illegible] when the Louisiana bill was before the Senate, Sumner urged Buckalew to [illegible] and finally told him [illegible] readers as a matter of news uncorrected or undoubted. For Buckalew to write a speech for Sumner would be like the lowest private in the Confederate army writing orders for General Sherman on his march to the sea.—The rest of it is too shallow for any purpose except a Democratic electioneering document.

The New York Legislature has followed the suit of Maine and reconsiders its order to send a committee to Portland to receive the remains of Mr Peabody, on the ground that the deceased had never given any of his bounty to institutions in that State.

It is now thought that the three Wyble children who were reported lost in the woods on Wynooskie Mountain, N J, and who have not yet been found, contrary to former reports, were murdered, and grave suspicions attach to Mrs Wyble and a son of Wyble by a former wife.

A Mormon Conference of the leaders of that faith is being held at Hempstead Long Island, where several converts have been made. They are directing their operations on the villages of the Island.

To the Editor of the Whig & Courier

My attention is called to an article in your Daily of the 22d inst with the following caption: "Shall we have a Winter Harbor" over the *nom de plume* of Thirty five in which reference is made to an article in the Daily of the 25th of November last, over my signature, as follows:

"In a report of the meeting of the Winterport Railroad Company, published in the Whig of Nov 25, 1869, over the signature of T W Vose, one of the directors of the road it was stated that arrangements had been made by which the road was to be built without calling upon Bangor for a dollar."

With all respect for the writer permit me to correct some of his errors in the premises.

1st I was not a director of the Winterport Railroad Company at the time referred to and did not so represent myself.

2d I wrote *no such statement*, to wit that Bangor would not be called upon for one dollar.

3d No such statement was published in the Whig of Nov 25 1869.

With these corrections, the quotation of Thirty five is true.

As to the statements in the Advertiser or Journal, referred to by your correspondent I can say, they are all unauthorized by any official of the Company. The *fact* is, that a contract has been executed by the said Company with responsible parties to construct said road—but that contract [illegible] this condition, viz that before the contractors are bound to commence the building of said road the Company are to secure a *certain* sum of bona fide subscriptions to the capital stock. Fifty thousand dollars more are needed to said subscription.

Bangor is asked to supply this deficiency by private subscriptions or in her corporate capacity, which would be about one half of one per cent on her valuation.

No one doubts that Bangor should and must do something for the Winterport Railroad in some form, and a few weeks will decide which horn of the dilemma the citizens will choose.

AUGUSTA, Jan. 22, 1870

LETTER FROM AUGUSTA.

AUGUSTA, Jan 22 1870

To the Editor of the Whig & Courier

The Committee on Elections in the case of Keegan against Dickey voted yesterday four for Dickey, two for Keegan and one not decided but probably Dickey. So the case goes to the House with a majority and a minority report, at this present time what the result may be it is hard to tell.

In the Superior Court at Portland Judge —— presiding, two of the F F V's were tried and found guilty of an assault upon one Hayes, a jailor or turnkey in the Cumberland County jail. One was fined one hundred dollars and costs, the other fifty dollars and costs. To save the feelings of the young gentleman no report of the trial will appear in the newspapers! I understand Mr Hayes now intends to commence a suit against the parties for personal damages in a civil suit. Fines for men of wealth and position and imprisonment for "poor devils."

W W Rice, Warden of the State Prison arrived here yesterday on his way to the prison with eight convicts from Portland. They were lodged in jail here for safe keeping over night. There are now in the prison—with these eight—one hundred and seventy nine convicts. There are in the prison 162 cells and there are yet to come three criminals from Machias several from Auburn, and more expected from Portland. What is to be done with these convicts is what the Warden is anxious to know.

The Augusta "Capital Guards" gave an entertainment here last evening. I noticed present Gen. White of Bangor, Capt. Brown of Oldtown, Mr Newcomb of Orrington and many other members of the Legislature. The exercises consisted of music and dancing. The singing and music were excellent. Your correspondent don't dance, and is therefore no judge of that, but all appeared to enjoy themselves.

The Peabody subject was up again to-day. The Senate voted to adjourn and attend the obsequies. The order went to the House for concurrence. The House slightly amended the order and passed it in concurrence. The order went back to the Senate, and pending the question of amendment, on motion of Mr Lang of Kennebec was laid on the table.—The whole thing is fast going from the "sublime to the ridiculous" in the Legislature not to its credit. I believe now it is waiting to be invited. It is on its dignity standing "upon the order of its going." I don't know who is competent to invite or command the Legislature. In the Constitution of the State, Article Third (Distribution of Powers) says "The powers of this government shall be divided into three distinct departments, the Legislatioe, Executive and Judicial placing the Legislature first. "Let us have Peace."

OBSERVER.

SUPERINTENDENT JOHNSON. In speaking of the State Superintendent of Schools the Kennebec Journal says:

"There has been a disposition in many quarters to look upon the office of State Superintendent as a sinecure, and we know that these were the views of the present incumbent who entered upon his duties with the understanding that new agencies should be employed to accomplish positive results in the educational field. At the meeting of the National Association of Teachers held last August in Trenton N. J., State Superintendent Johnson was made one of the Vice Presidents, and placed on several important committees. At the next meeting in Washington, the first of March he has been selected to give an essay on School Supervision, its necessity and the best system of rendering it complete. We state this in connection with our report of the closing proceedings of the educational board, to show the opinion that is entertained in other States of those who are at the head of our educational officers."

WASHINGTON, Jan. 20

COMMISSIONER WELLS' REPORT TO BE PRINTED

The printing of Commissioner Wells' report has finally been ordered by Congress to the extent of 70,000 copies. The question gave rise to an animated debate, this afternoon, in the House which lasted nearly two hours and brought out about twenty members. The high-tariff men under the lead of Mr Kelley and Mr Maynard, pitched into the report vigorously and did not spare the character of Wells himself, one of them, McCarthy of New York going so far as to compare him with Benedict Arnold. They were beaten by a vote of 125 to 51, and the negative may perhaps be taken as the active strength of the extreme protectionists.

THE PRESIDENT'S VIEWS ON PROPOSED NAVAL EXPENDITURES

President Grant received the Indian Commissioner again to-day and after a pleasant interview lunched with him. Among other matter talked about with the President yesterday was Mr Dawes speech which the President spoke kindly of although he gave reasons why he thought the Secretaries of War and Navy were justified in increasing their estimates for the next fiscal year. Among these reasons was the necessity for purchasing articles which had been so accumulated during the war that supplies for last year and this year were on hand.

A HERO AMONG THE LADIES

The Woman's Suffrage Convention has been very complimentary from the first to last to Governor Campbell of Wyoming, for signing the bill giving women the right to vote in that Territory. The Governer has been here all the week but extreme modesty prevented him from going down to the hall and receiving proper honors in person. He put in an appearance to-day however and was enthusiasastically invited to a seat on the stand but his diffidence again prevented him from stepping forward to be seen of the ladies. He compromised the matter this evening by calling on Mrs Cady Stanton and other leaders of the movement by whom he was very graciously received.

CONDITION OF THE TREASURY

The Treasury Department has now about $83 000 000 in coin on hand and $50 000 000 more in gold certificates. The currency balance has been drawn down to about $7 000 000 though there is a considerable sum in the vaults which has been passed to the credit of various disbursing officers. The receipts so far this month have been rather light and requisitions from the other departments comparatively heavy.

WASHINGTON, Jan 21

EXCITING DAY IN THE SENATE—THE VIRGINIA BILL AMENDED AND PASSED

The Virginia question after two weeks debate has finally got out of the Senate. The day has not been equalled for interest and excitement since the close of the impeachment trial. The main galleries of the Senate chamber were packed almost to suffocation. The diplomatic gallery was crowded with the representatives of foreign ministers. The lobby in rear of the chamber was filled with privileged persons and five or six hundred men and women wandered up and down the halls utterly unable to get near any open door.—Most of the audience kept their seats with out apparent weariness. General Sherman, General Rosecrans and Mr Evarts were on the floor. The feature of the day was Mr Trumbull's review of Mr Sumner's course in connection with the reconstruction policy of Congress. The speech was one of the most pungent of its kind ever delivered in the Senate and the galleries enjoyed it immensely.—Mr Sumner had an hour for reply but did not speak with near so much force as in former tilts with Mr Trumbull. The Vice President felt himself called on to enforce the rule relating to personalities against both speakers. The arrangement made last night was to vote at 4 o'clock but it was half an hour later before Mr Sumner concluded, and it was with great difficulty that Messrs Edmunds Trumbull and Conkling could then hold members to their agreement. The first vote was called at a quarter before five. The first amendment proposed was of a verbal character and little attention was paid to the roll-call as everybody knew it would not be the test of the strength of the opposing parties. That came on the first of Mr Drake's amendments and during this roll-call there was every manifestation of absorbed interest. The vote stood yeas 31 nays 25 showing that the conditionists had a sure though small majority. All the other amendments namely Wilson's, Morton's and Drake's second were adopted by the same vote. The absent Senators were Brownlow, Cameron, Cattell, Pool and Sprague while McCreery was paired off with Cameron and therefore did not vote. The Senators who stood by Mr Bingham's bill without conditions were Carpenter, Conkling, Cole, Corbett, Fenton, Ferry, Morrill of Maine, Nye, Ross, Sawyer, Scott, Sherman, Stewart, Tipton, Trumbull, Warner, Willey and Williams. The amended bill was passed by forty-eight to ten, the Democrats alone voting in the negative and Senators Sumner and Thayer refusing to vote at all. The action of the Democrats was based on Mr Thurman's briefly expressed opinion that the amendments of the afternoon hardly made the bill unconstitutional.

Mr Sumner offered no reason for refusing to vote. The bill as it now stands is a wretched piece of patch work and certainly ought to go into somebody's hands for a decent revision. In its terms it is not very widely different from the original measure brought in by the reconstruction committee and rejected by two majority in the House though it is not in near as good shape. It will reach the House on Monday. There is a great deal of talk about what may be done with it in that body. But from conversation to-day did not go so far as the bill does but the chances seem to be that he will accept it and that it will also be taken by the House.

BUTLER'S DEFENCE OF THE ADMINISTRATION

General Butler is coming out when he can get a chance in the special role of defender of the administration. He tried hard enough to get the floor to-day for the purpose of replying to Mr Dawes, but the fates and the rules of the House were against him, and his speech goes over to another time. Pretty much everybody wanted to hear him. Mr Butler was only allowed to say that he thought Mr Dawes had started on a wrong basis, but no one had warrant for charging him with improper motives.

THE TARIFF BILL TO BE REPORTED MONDAY

The tariff bill will be reported from the committee of ways and means next Monday, notice to that effect having been given this afternoon and the House will probably take it up for debate in a week or ten days thereafter. The tariff men are not pleased with the appearance of things. Most persons look upon the vote of yesterday on printing Commissioner Wells' report as in some degree a test of strength on the question of protective duties. If this view is justified, it is clear enough already that the committee's tariff bill will be torn all in pieces as soon as the House gets at it. Three or four members of the committee at least, expect this result, and that the committee will be overruled on very many points and lower duties favored, is regarded as certain by all careful obserbers.

THE SENATOR ELECT FROM MISSISSIPPI

Mr Revel, the Senator elect from Mississippi, is expected to arrive here to-morrow evening. He is about forty years of age, rather stout, with a dark complexion, although not black, short, curly hair, and a pleasant expression of countenance. He is a native of Ohio. He graduated at Oberlin University, became a Minister of the Gospel, and has had some experience in public life. Whether he will select a seat among the Democratic or Republican Senators, remains to be seen, but should he prefer to be with the former, it can but be somewhat amusing.

THE INCOME TAX.

The Senate will pass the House resolution declaring that the income tax is due and payable for the year 1870—that is, through and up to the end of that year. The common impression undoubtedly was that this tax ended on the first day of the year. [illegible]

—The Kennebec Journal says Dora Lapelt, a young miss about 18 years of age, had her leg broken in four places on Thursday, while sliding down Winthrop hill. It is a wonder that more children are not injured by carelessly coasting down this hill. A sled attains such velocity in the steep descent as to render coasting dangerous business not only to those who participate in the doubtful enjoyment, but also to those passing the street.

—Mr I. T Hobson of Wiscasset, has just had made for his saw-mill the largest belt ever manufactured in the State thirty inches wide and sixty feet long.

Health's Best Defence.

The weak eateth herbs, says St Paul, so that eighteen hundred years ago the value of medicinal plants was appreciated. In the Old Testament botanical remedies are repeatedly recommended, but in no passage of sacred history is man recommended to swallow calomel, or blue pill, or any other mineral preparation. The sick were directed to eat herbs to strengthen them, to purify them, to heal them to restore them. In that day the art of making vegetable extracts was unknown. The herbal medicines were mere infusions.

It was reserved for a later age to unite the sanitary essences of tonic, aperient and antibilious roots barks, and plants, with an active stimulant, and thus secure their rapid diffusion through the debilitated or disordered system. [illegible]

The peculiar action of this medicine ripens the ulcers in the lungs promotes the discharge of the corrupt matter by expectoration, purifies the blood and thus cures Consumption, when every other remedy fails.

SCHENCK'S SEA WEED TONIC" for the cure of Dyspepsia or Indigestion and all diseases arising from debility. This tonic invigorates the digestive organs, supplies the place of the gastric juice when that is deficient, and then enables the patient to digest the most nutritious food. It is a sovereign remedy for all cases of indigestion.

"SCHENCK'S MANDRAKE PILLS," one of the most valuable medicines ever discovered, being a vegetable substitute for calomel, and having all the useful properties ascribed to the mineral, without producing any of its injurious effects.

To these three medicines Dr J H Schenck of Philadelphia owes his unrivalled success in the treatment of Pulmonic Consumption. The Pulmonic Syrup ripens the morbid matter discharges it, and purifies the blood. The Mandrake Pills act upon the liver remove all obstructions therefrom, give the organs a healthy tone and cures Liver Complaint, which is one of the most prominent causes of Consumption. The Sea weed Tonic invigorates the powers of the stomach and by strengthening the digestion [illegible] it to a normal and healthy condition [illegible] quality of the blood, by which [illegible] ulcers or tubercles in the lungs become impossible. The combined action of these medicines as thus explained will cure every case of Consumption if the remedies are used in time and the use of them is persevered in sufficiently to bring the case to a favorable termination.

Dr Schenck's Almanac containing a full treatise on the various forms of disease, his mode of treatment and general directions how to use his medicine can be had gratis or sent by mail by addressing his Principal Office No 15 North Sixth street, Philadelphia

James Fisk, Jr, was on the floor of the House to-day and attracted much attention

The Committee on Banking this morning examined Jay Gould with reference to the gold panic.

In pursuance with an appointment made with the President a few days ago the following citizens called at the executive mansion to-day Messrs. John W. Forney, W. W Corcoran S Dunning, John Bennett, W. B Todd, W H Phillips, Hallet Kilburn, W. G Metzerott, S R. Brown, J. W. Thompson, James A Magruder, and Alexander R. Shepherd as citizens representing the business interests of the district, regardless of the political complications of the day W. W. Corcoran introduced the several members of the committee and stated to the President that they had called to ask him as the President of the Nation and the guardian of the district to call the special attention of Congress to pressing needs of our community, the fact that continued agitation for the removal of the Capital was affecting their interest injuriously and paralyzing the development of the district that the condition of the avenues of the metropolis the channel of the river, the canal, and the existing fact that so large a proportion of the laboring classes were in want of employment, suggested the propriety of such action on the part of Congress as would insure necessary aid in relieving these pressing wants by the improvements of the public avenues and property in a corresponding degree with that accomplished by the city government

Col Forney and Mr Phillips enlarged upon the great good which would accrue by the action of the President in this matter The proposed World's Fair was alluded to and great satisfaction expressed that the President had given his sanction to the undertaking by his subscription as well as his personal interest manifested in the affair

The President said he wished to see the seat of government made such as to arouse the pride of the citizens of the Republic, and acceptable at least to a proper consideration of the people of the old world

Mr Kilburn suggested that special attention be called to the fact that we were governed to a great extent by the old laws which existed in Maryland when the district was ceded that whilst that State has altered her laws to conform with the progress of the age but little change had been made here and as a consequence our efforts were powerless for good.

At the conclusion of the interview the President stated that he appreciated the disadvantages under which the citizens of the district labored and that he would help them out to the full extent of his power. The expression of the views entertained by the President was received with much satisfaction by the committee. Many of them had never before been brought into contact with the President and expressed their gratification after leaving upon the manner of their reception and the result of this interview

WASHINGTON, Jan. 23.

The forthcoming reports of the Bureau of Statistics will show the duties accruing on certain specified articles entering into consumption in the United States during the fiscal year 1869, to be $177,151 126

The National Council and the Union League will meet here February 16th

The Sub Committee of the Committee on Foreign Affairs, will in a day or two, submit to the full committee a long report on the Paraguayan question—the recognition of the Red River leaders by the Hudson Bay Company, as the only legitimate Government in Winnipeg, has excited much conversation in this city No force will be attempted against the insurgents' profuse promises of a Trans International Railway are made to charge the rapid course of events towards Anexation to the United States It is announced that such a bill will be passed at the February session of the Dominion Parliament. and that Great Britain may be made to guarantee five per cent dividends on the stock

THE RED RIVER REBELLION.

CHICAGO, Ill, Jan 22.

Letters received from the Red River country shows there is less reason than first appeared for the success of Father Thibalt and Besolnces' mission.

The party of Canadian gentlemen from Fort Garry and Pembina arrived at St. Paul last night

TORONTO, Canada, Jan 22

A dispatch from Pembina on the 10th inst. by the way of St. Cloud, Minn, to the Globe, contains the following article from the New Nation, the organ of the insurgents, published at Fort Garry:

Something as to our policy will be expected from us in this number, and we proceed briefly to define our position. In common with the majority of the settlement we regard the Hudson Bay Company's government obsolete and never to be reconstructed The Dominion government, by its criminal blunders and gross injustice to the people, have forever alienated them; and by its forfeiture of all rights to our respect, will prevent us in the future from either receiving or permitting its protection. The Imperial government we consider to be too far distant to intelligently administer our affairs The question arises, then what form of government is best adapted for the development of this country, and we reply unhesitatingly, that the United States Republic offers to-day that system of government which would best promote order and progress in our midst and open up rapidly a country of magnificent resources, but in our present dependent condition we cannot obtain what we need in that direction, and hence we will hold it to be our duty to advocate independence for the people of Red River, as a present cure for our public ills Our annexation to the United States will follow in time and bring with it the advantages this land so much requires.

FROM FEJEE ISLANDS.

SAN FRANCISCO, Cal, Jan 22

The U S ship Jamestown, 77 days from the Fejee Islands, brings the following intelligence

English settlers are arriving from Australia and New Zealand to engage in the raising of Sea Island cotton, which is said to yield from the highly productive soil fabulous returns The population of the Islands has increased from 400 to 1800 in three years. A petition has been extensively signed by the Islanders requesting the U S. government to assume the protectorate over the entire group consisting of 154 Islands 65 of which are inhabited Great Britain has previously refused to add Fejee to their colonial possession There are about 50 American residents on the Islands The Jamestown was saluted by order of King Thackamon and all on board kindly received by the Islanders

DOMINION AFFAIRS.

TORONTO, Jan. 22.

R. R Callwell was arrested here last night on a warrant sworn out by Col. Shaw, U. S. Consul at Toronto. He was brought before a police magistrate this morning and remanded until Monday next.

J. O Robinson, charged with arson in Massachusetts was to-day committed for extradition. His counsel expressed his intention to apply for a writ of habeas corpus.

A dispatch from Ottawa says an order in council has been passed disallowing the Onto supply bill in consequence of its conflicting with certain provisions of the main act. An extra session of the Legislature will probably be called at once to amend the bill.

FORTY FIRST CONGRESS—SECOND SESSION

WASHINGTON, Jan 22

Senate not in session.

HOUSE.

The House met for general discussion, as if in Committee of the Whole About 50 members were present

Mr Stokes of Tennessee took the floor and made a speech on Tennessee politics, and as to the standing of Gov. Senter

Mr Moore of Indiana next addressed the Committee on the question of the removal of the National Capital He expressed his amazement that anybody should cherish the belief that Washington was to remain *ad infinitum* the metropolis of this great Union He did not expect the question to be settled this decade, but the friends of the movement would oppose all appropriations for the present site, and declared his belief that with the power of the Empire moving westward, the seat of the Empire should move with it

Mr. Logan of Illinois advocated the removal of the Capital to the West.

Mr. Breck of Kentucky followed, in a speech, urging the passage of laws to secure economy for the benefit of the people, by removing burdens from agricultural interests

Mr Washburne of Wisconsin opposed the removal of the Capital from its present location

The House then adjourned.

LOCAL AND OTHER ITEMS

PUSHAW POND, it may not be generally known, is an excellent winter as well as a summer resort. Sleighing, skating and sliding upon the pond are good and pickerel and chubs are now being caught there in large quantities In order to insure a good haul of pickerel, small, live fish as bait, should be used. The Perch House is always open, and to be assured that the very best fare at moderate prices awaits the caller, it is only necessary to know that the veteran Col Morrill is the landlord As visitors are more frequent in the summer than in the winter, it may be as well for parties to give "mine host" reasonable notice of their coming In that case, if they do not enjoy themselves, the fault is their own.

—A few evenings since, the friends of Mr and Mrs. Geo W. Herring, united with them at their residence at Mt. Hope, in the celebration of the 25th anniversary of their wedding day. The occasion was one of much pleasure and interest Numerous and elegant gifts of silver from the guests, testified to the sincerity of their congratulations, while a bountiful and well appointed supper established the ability of the housewife May their happiness long continue

—At a special meeting of the Mayor and Aldermen Saturday afternoon, the vote directing the issuance of warrants for submitting the question of subscribing for $50,000 of stock in the Winterport Railroad, was rescinded. So at present there will be no action by our citizens upon this question, or until further action by the Legislature.

—Jos. O'B Darling and Andrew Maxfield were drawn on the 20th to serve as traverse jurors at the February term of Supreme Judicial Court.

—The Rhetorical Society will hold a public meeting at the Seminary Chapel this evening at 7 o'clock. The exercises will consist of a Dissertation, Select Reading and Debate upon the following question:—"Resolved, That extempore discourse before a popular audience is more effective than delivery from manuscript. A cordial invitation is extended to all.

GROCERY STORE. Mr W. G Dillingham has purchased the stock and taken the store on Central Street, formerly occupied by Conner & Appleton, and later by H A Appleton, where he will keep a stock of choice family groceries. He will deliver goods in any part of the city free of charge.

ACCIDENT. On Thursday last, Mr Frank Emerson, employed in Harvey and Herrick's mill at West Levant, in attempting to remove some obstruction from before the shingle saw, had his hand drawn upon the saw completely severing it about midway the metacarpal bones. Dr. A. M Purinton, who was soon in attendance, amputated the protruding bones, and the patient is now doing well.

ACCIDENTS One day last week a lady living on Essex Street slipped on the ice in her yard and broke her arm

On Thursday evening, a lady who had been attending Rev. Dr. Field's lecture at Seminary Chapel, fell while passing along Fifth street and broke her arm.

—Winter is [illegible].

COAL $7.00 A TON The mild weather this winter has effected a saving of one-third in the amount of coal consumed, which, at the rate of $10.50 per ton, makes it equal to $7 a ton for an ordinary winter

—A petition is before the Legislature to repeal the law passed last winter reducing the size of the milk quart, as the law seems to be unacceptable to the people at large A letter from Portland to a gentleman in this city says that the law has never gone into effect either in Portland or Westbrook It is said that the passage of the law of last winter was hasty and without due consideration

THE WEATHER This has been truly a peculiar winter Perhaps the oldest inhabitant, who is supposed to know everything, may have seen the like but certainly we never have.

Yesterday morning we had a smart rain for a little while, followed by a warm humid day that used up the sleighing and carried off the snow in double quick time, and started the frost out of the ground in places to the depth of two or three inches We suppose we have had our January thaw but if we haven't we are satisfied to call this it

The lack of snow this winter has seriously interfered with some branches of business We learn that the sleighing has been so hard that it is almost impossible to procure sufficient bark to keep the tanneries hereabouts running and the same want is experienced in other branches of business

The mildness of the temperature is such that butchers are unable to freeze their meat so as to keep it and are thus compelled either to keep it on the hoof or slaughter and forward at once to market regardless of price much to the detriment of their profit and loss account

—The sport of the coasters on Spring street was somewhat interrupted on Saturday by the Police who sequestrated quite a number of sleds

—The logging on the East Branch is said to be excellent and the teams are doing well About six feet of snow has fallen there during the winter which the teams have kept down to about two or two and a half feet just right for operating.

—Passing away—our snow.

THE FAT MEN IN COUNCIL The Lewiston Journal of Saturday comes to us fairly dripping with adiposity in fact so sebaceous was it that we could hardly hold it between our fingers Nearly a whole page is devoted to an unctuous report of the doings and sayings at the Fat Men's Convention held in Auburn on Friday Rolling up our metaphorical pants we waded through the oleaginous sea, to see what figures we could rescue from its pinguidinous depths but notwithstanding the length and breadth of the report we failed to find what we supposed would of course be the chief point of interest in the convention namely the number of porcines (not *pig*-mies!) present nor the aggregate or average weight. Rather an oversight we should think on the part of the reporter [illegible] or both

The Convention met in Auburn Hall, and at 10 o'clock was very properly called to order by the fattest Ham in the drove—assembly we mean—J B, of Lewiston who, after a few words of welcome nominated M T (empty?) Ludden of Lewiston, for temporary chairman A committee was appointed who shortly reported the name of Enoch Littlefield, of Auburn—representing 257½ lbs of the humanity of that borough—as permanent chairman supported by a ton and a half of Vice Presidents and six hundred pounds of Secretaries

The Committee through Mr Ham Chairman, reported that the heaviest man in the convention was Mr A. G. Haven of Chelsea 19 years old a few days since weighing [illegible] lbs without overcoat or hat

The next heaviest man was Mr George Brackett of North Hermon 57 years old [illegible] feet 9½ inches high and weighing 447½ lbs without hat or overcoat Both gentlemen were received with great applause

Mr Ham—who seemed to be the mouthpiece of the Convention—then read an essay on fat men by W. L Shattuck M D in which among some pleasant things he said the following sober ones, probably as a caution to fat men against living themselves out too strongly at the dinner table

"An excess of adipose matter is however far from desirable It is said that death likes a shining mark Death unquestionably likes fat men Fat people are more liable to apoplexy, congestion heart diseases and bowel complaints and fat is the basis of all tumors and morbid growths of a steatomatous type and it may be questioned if a state of excessive fatness is a state of perfect health, although when not excessive it is looked upon as a condition not only of health but of *good* health

After the essay Mr Ham essayed to read 156 lines of "poetry by a fat contributor, in which bowels were more conspicuous than feet, and which tended to show that fatness is not an indispensable adjunct to poesy The reading of the Poem was followed by the arrival of Miss Sylvia Hardy of Wilton, the "Maine Giantess," who tote 1 366 pounds of blushing maidenhood into the great assemblage which her coming waxed still greater

At 12 45 a procession was formed headed by Johnson's Band and accompanied by a mammoth team, in which rode the older weaker and shorter breathed delegates and toddled trotted, rolled waddled, walked and wallowed to the DeWitt House, where an excellent and monster dinner had been provided. And how they must have eaten! According to the veracious—not to say voracious—reporter of the Journal, "twenty five tons of humanity rolled into the Dining Hall—a ton more they carried away with them Turkey roast pig and roast beef was swept from the board with grateful and bewildering alacrity

At this estimate the delegates must have eaten from ten to fifteen pounds apiece — Shade of Falstaff, preserve us It seems however, that they lived to get through with the dinner and have some more talking and more poetry—this time by Capt Knight of Portland, and the presentation of a silver salver and goblets to the heaviest man when the Convention adjourned and the fat was drawn off package by package to be shipped to its several homes, where we hope it arrived without being damaged, or damaging the conveyances by which it was transported

—The current report that the landlord of the DeWitt House Lewiston by washing down the floors of his house with a solution of potash after the dinner to the Fat Men, made soap enough to supply the city for a year is not generally credited

—Peter Boil, a boy 14 years of age was suspected as one of the party who broke into Manley & Tozier's store in Waterville a few evenings since He was arrested in Whitefield by officer Edwards of Waterville, and much credit is due to Mr Edwards for his prompt action in the matter The boy said that he took the money so that he might be able to go to school

FIRE The shoe store of Berry & McCarthy, on Middle street, at the head of Plumb-st, was burning at 1 o'clock this morning. The fire was under control, Loss not ascertained; says a despatch from Portland.

PERSONAL A despatch from Portland states that Admiral Farragut and wife arrived in that city on Saturday and are stopping at the Falmouth House. The Miantonomah and Terror, with accompanying vessels, arrived at 6 o'clock Saturday evening.

—William Logan, on trial for the murder of Wm. McCarthy, at Standish, recently, was found guilty of manslaughter.

—The length of the shore line of [illegible] is not less than 3000 miles.

BANGOR PRODUCE MARKET

Saturday, Jan 22d, 1870

The following report is obtained by particular observation on the market, and the quotations are the prices paid for produce from the country teams this day, or about the average for the week past

Apples—Green apples do not come in in any great quantity and sell at from 3.50 to 5 00 per barrel as to the quality and condition of the fruit dried apples sell at from 13 to 13½ and some very extra lots 14 cents

Beans—Yellow eyed beans are now worth $2 25 to $2 30 for the best article offered and extra hand picked pea beans $3 00

For barley there seems to be but very little demand and buyers do not want to pay but 70 cents per bushel

Butter—Winter made butter we should quote at at from 25 to 30 cents, and good common fall made lump and roll we should quote at from 30 to 35 cents and an extra article of lump from 35 to 38 cents

Eggs are selling to day at 30 cents per dozen

Potatoes [illegible] in small lots and selling at [illegible] cents per bushel

Poultry—Turkeys are bringing from [illegible] cents and chickens have sold at from 15 to 18 cents per pound, ducks sell at from 75 to 1 00 per pair and geese at from 1 00 to 1 25

[illegible] have sold this week at from [illegible]

Hay—Loose hay came in quite plenty and sells at from $16 0 to $18 00 per ton for the best quality, and inferior grades at from $12 00 to $15 00 Loose straw sells at from $8 00 to $10 00 Oats are selling at 65 cents per bushel

Wood—Seasoned hard wood sells at from $6 00 to $7 50 per cord and dry soft wood at from $4 00 to $5 00 [illegible] wood at from [illegible]

Coal is worth from 10 50 to 10 75 and 11 00 per ton delivered in any part of the city

Pickled fish are retailed on our streets by [illegible] selling at 6 cents per pound

President—Samuel Wasson, Ellsworth
Vice President—D H Thing Mt Vernon
Secretary—S. L Goodale Saco

The following were appointed a Committee to examine and audit accounts Gilbert Putnam and Wasson

The following were appointed a Committee to decide upon time and place of next meeting—Messrs Goodale Chamberlain and Fernald The same were appointed a Committee on Subjects

Voted That such specimens of woods as have been or may be collected and preserved by the members be deposited in the Agricultural College

The Committee raised last year to take measures towards memorializing Congress for a law preventing the destruction of Forest Trees, and asking the Legislature to exempt lands from taxation which are devoted to raising fruit trees reported that they had presented the subject to the Legislature through the proper Committees, and the only result was a reference to the present Legislature

After discussion by several members on motion of Mr Brackett of Waldo *Ordered* That the Secretary be requested to prepare petitions bearing upon the subject and forward them to the various Farmers Clubs and leading agriculturists in the State

The question of continuing the assistance for organizing Farmers' Clubs, and for encouraging the [illegible] of wheat was discussed to quite an extent and laid on the table

Wednesday Met in Lisbon Hall Mr Wasson President in the chair Attendance small The question for continuing the stipend for Farmers Clubs, and the encouragement of wheat culture was taken up and discussed by a number of speakers all agreeing that much good had already been effected and it is highly necessary that it be continued in both cases Among the speakers were Messrs Fernald Wasson, Bodge Swett, Norton Lucas Thing of the Board and Williams of China Goodale of Saco, Ham of Lewiston [illegible]

The subject was then tabled and a lecture was given by Mr D. H Thing of Mt Vernon upon Agricultural Organizations It occupied three-quarters of an hour in delivery and was well received

The question was then considered open for discussion and especially in regard to one point, that of horse trotting at the annual exhibitions Most of the speakers thought it was necessary to allow horse trotting as a [illegible] Among the speakers [illegible] the exhibitions were Robert Martin of Auburn Bodge of Jefferson Rufus Prince of Turner Lucas of St Albans Whittier of Vienna Wm Swett of So Paris Mr Williams of China thought horse trotting at exhibitions a humbug and the disparity in premiums very great a belief in which one or more than one in the audience concurred

The afternoon session was devoted to the annual meeting of the State Agricultural Society The following were elected officers for the current year

President—Seth Scamman of Scarboro
Secretary—Samuel L Boardman of Augusta
Treasurer—Wm. F. Morris of Portland
Trustees—G. W Ricker Portland S. I Holbrook Oxford

The Trustees holding over are Warren Percival of Vassalboro and Samuel Wasson of Ellsworth

The Secretary being absent on account of sickness, Mr Wasson was chosen Secretary *pro tem*

According to the Treasurer's report the gross receipts at the New England Fair at Portland last fall, were $26,[illegible] 17, gross expenditures, $25,365 12, leaving a balance of $987 to be equally divided between the two Societies giving the Maine State $493 92

A Committee consisting of the President and Secretary, with Mr Wasson, was chosen to take into consideration the changes necessary to be made in the Constitution and report at next meeting

Voted, To hold a Fair the present year if sufficient inducements are held out by any locality

After passing several complimentary resolutions, adjourned to meet in Augusta in three weeks from this day

In the evening a lecture was delivered by Hon Simon Brown of Concord, Mass, upon Farmers' Clubs, which was like everything he says both practical and entertaining

Thursday The exercises opened with a lecture by Calvin Chamberlain of Foxcroft upon "Our Homes Where and What to make them" The reading of the paper was followed by a discussion engaged in by Gov Brown of Mass, Garcelon of Lewiston, Nickerson of Readfield Wilder of Pembroke and the Secretary

A lecture was expected in the afternoon by Mr Lebroke of Foxcroft, upon Farm Laws, but illness prevented his fulfilling his engagement

A lecture was delivered by Luther Chamberlain of Atkinson, upon the "Grass Crop: preparation of land, methods of seeding, cutting and curing." It occupied over an hour in delivery and was received with much satisfaction, forming the subject of an interesting discussion, which continued till hour of adjournment. It was participated in by Messrs. H. G. Abbott of Vassalboro', Wilder of Pembroke, Swett of Paris, Putnam of Madison, Thing of Mt Vernon, Bean of Winthrop and others.

MAINE BOARD OF EDUCATION. At the meeting on Friday it was voted that the State Superintendent is entitled to the services of a clerk

In the afternoon, Mr S. W Knowlton Supervisor of Piscataquis County, spoke upon the subject of "Object Teaching." He said our ideas of material objects must be gained by the eye and the ear. After this will come the power of abstract reasoning When the child reasons it is by comparison of natural objects it is always as hard as a rod [illegible] as cold as [illegible] At no time of life does the individual attain to the comprehension of natural objects as in childhood Children are excited by curiosity Put this restless curiosity to some good use How natural it is for the child to turn to the objects by which he is surrounded for instruction There must be some amount of classified knowledge in the school room We have not provided for the wants of school children The object itself may be presented to the child, or a picture of it It is especially desirable to introduce objects in teaching natural history, with the proper explanations on the black board The art of conversation may be cultivated in this way He thought there were few places where conversation was so poorly practised as in Maine The conversational powers are not brought out in school Questions are answered by simple yes or no Object teaching can be practised when the scholars are wearied by their studies as an agreeable rest An infinite amount of practical knowledge can be obtained in the interim

The Principal at [illegible] said that the memory is to be associated with ideas Memory of itself is a weak faculty it is strong only in its association with ideas When you can excite a spirit of independent investigation and inquiry in your children you gain the mastery over them and become their benefactor

Mr Stickney gave his experience in trying to learn ideas in the abstract He was given a grammar when a boy and told that he must commit it to memory In a month he was able to repeat every rule but yet he didn't know anything about practical grammar He could well remember the time when he first saw the relation which the preposition bore to the objective case He thought that children learned more by seeing than hearing

C. J Abbott Supervisor of Hancock C[illegible] read a paper on "School Architecture" He thought that nothing better than good school houses showed the progress in educational matters The old district school houses that are allowed to stand are destitute in their shabbiness of all that attracts the children

Mr Sleeper spoke of Aroostook [illegible] Usually they are not finished [illegible] and are consequently well ventilated Some fine school houses had recently been built A fine one had been built in Presque Isle with all the modern improvements In Sherman a school house had recently been dedicated erected on land which was cleared only ten years ago the first settlement having been made at this time

A discussion on various topics was held by Messrs Stickney Glidden and Mr Burleigh member of the House from Acton which lasted until the adjournment

In the evening there was an essay on Classification in Schools by W. J. Corthell Supervisor of Washington He had been accused of being a radical innovator destroyer of old and time honored systems He did not propose to tear down without building up [illegible] school system [illegible] In the [illegible] we should [illegible] and look forward to those things which are in the future [illegible] graded schools [illegible] The Western States [illegible] In [illegible] large towns classification is [illegible] but when we go out into the small [illegible] districts where our children are educated [illegible] classification [illegible] the average [illegible] 21 and the number of recitations [illegible] The [illegible] time for satisfactory and profitable recitation [illegible] the lesson This [illegible] rests [illegible] upon [illegible] Our [illegible] schools should be divided [illegible] the primary, secondary and advanced [illegible] appropriate studies for each [illegible] by [illegible] this change The multiplicity of text books [illegible] the multiplicity of classes

[illegible] and the [illegible] the State to provide [illegible] uniformity [illegible] time may be given to other studies besides reading arithmetic and grammar studies that [illegible] people and fit them for the important duties of life Mr Corthell [illegible] for the introduction into our schools of important studies that are now neglected

After a few remarks by Superintendent Johnson the Board adjourned

MAINE LEGISLATURE

AUGUSTA, Jan 22, 1870

SENATE

On motion of Mr Thing the report of the Commissioners on the revision of the Statutes was taken from the table and referred to the Committee on Legal Reform

Petitions presented and referred

Of William H. Smith et als for charter for a railroad from Milo to Sebec village, of John Buck et als of Orland for authority to loan the credit of said town and take stock in a railroad from Bangor to Ellsworth by way of Bucksport—to Committee on Railroads, Ways and Bridges Of F. R. O Brien et als, for charter for a Savings Bank—Committee on Banks and Banking Of William McPheters et als for amendment to act to incorporate the Birch Stream Dam Company—to Committee on Interior Waters Remonstrances of citizens of Oxford County against division of town of Mexico—to Committee on Division of Towns,

Mr French presented the following order:

That this Legislature, on receiving notice of the arrival of the fleet at Portland conveying to our shores the remains of the late George Peabody of London, and the time fixed for their disembarkation and obsequies do adjourn over that day, that we may there in an official capacity and as individuals testify our respect for the exalted character and distinguished services of one so truly noble

Mr French said Mr President—It seems eminently fitting and proper that we should improve the occasion of which we have been notified, the rare opportunity will soon be offered us of honoring one in the presence of whose august remains a whole people will reverently stand uncovered

England, though jealous of ancestral fame and kingly glory, has asked to do homage to the man who has remembered humanity so much and so well, and was proud that he should rest for a time beside her own illustrious dead, and thence is now bearing him to his native land

Let us too, with a dignity that becomes us as the representatives of the State to which is accorded the high honor of receiving the grandest national [illegible] ever accorded to private worth, and with a propriety befitting the occasion join with our fellow citizens and swell the funeral train, in testimony of our respect to the memory of the departed."

The order was passed, and sent to the House.

Subsequently the order came back from [illegible] and services." The question being on concurring with the House in adopting the foregoing amendment on motion of Mr Cleaves the yeas and nays were ordered, which being taken resulted as follows

Yeas—Messrs Collins, Lane, Minot and Talbot, 4

Nays—Messrs Bartlett, Bolster, Buck, Buffum Carleton, French, Garcelon, Kingsbury Lancy Mayo and Rolfe, 12

So the amendment was rejected

POETRY.

BELOW THE HEIGHTS.

I sat at Berne, and watched the chain
 Of icy peaks and passes,
That towered like gods above the plain,
 In stern majestic masses;

I waited till the evening light
 Upon their heads descended;
They caught it on their glittering heights,
 And held it there suspended.

I saw the red spread o'er the white,
 Just like a maiden's blushing,
Till all were bathed in rosy light,
 That seemed from heaven rushing

The dead white snow was full of life,
 As if some huge Pygmalion
Had sought to find himself a wife,
 In stones that saw Deucalion

Too soon the light began to wane,
 Though lingering soft and tender,
And the snow-giants sank again
 Into their calm, dead splendor

And, as I watched the last faint glow,
 I turned as pale as they did,
And sighed to think that on the snow
 The rose so quickly faded.

MISCELLANY.

CARL ZERRAHN. Carl Zerrahn, who took an active part in the drilling of the Chorus at the Jubilee Concerts, is a native of Malchon, in the Grand Duchy of Mecklenburg-Schwerin, where he was born July 28, 1826. He studied principally in Berlin, Hanover and Rostock, in the latter place under J. F. Weber. In 1848 he came to this country in consequence of the revolution in his native land, and for six years travelled with the Germania Musical Society through the United States and Canada. He settled in Boston in 1854 ann has been a musical conductor since that time. He has conducted all the Handel and Haydn Society's performances since 1854, including the festivals of 1857, 1865 and 1868 and all the concerts of the Harvard Musical Association since they were inaugurated four years ago. The Philharmonic concerts which took place previous to that time were also given under his direction, and for thirteen seasons he conducted the Orchestral Union concerts. He has recently been elected to the post of musical director of the Orpheus Musical Society, an office which he once before held. The Musical Education Society for the last two years of its existence was under his charge and also the Mozart Amateur Club for three seasons. Besides conducting oratorio performances in Boston he has had charge of musical conventions and oratorio performances in Worcester, Springfield, Salem, Providence, Fitchburg, Manchester an' many other places. He has been musical director of the Salem Choral Society since its formation last fall, and also conducted the Worcester Society for three seasons, the Newton Corner Society for two seasons, a society in Providence for one winter, and one in Fitchburg for the same length of time He was a teacher and director of music in the High and Normal School, in Boston, from 1858 until 1857, and gave up the position in the latter year. on account of too numerous engagements. While acting in that capacity, he conducted the School Festivals given in honor of the Prince of Wales, the Russian Admiral, and the Prince Napoleon. He is at present engaged as a teacher of singing notation, and harmony, in the New England Conservatory of Music. He has twice revisited Europe since he came to this country, once in 1867, and again last year. when he attended the Handel Festival.

SPICY. There was a knot of sea-captains in a store at Honolulu, the keeper, of which had just bought a barrel of black pepper Old Captain ———, of Salem, came in and seeing the pepper took up a handful of it.

'What did you buy such stuff as that for ' said he to the storekeeper, 'it's half peas '

'Peas" replied the storekeeper, 'there isn't a pea in it.'

Taking up a handful as he spoke he appealed to the company. They all looked at it, and plunged their hands into the barrel, and bit a kernal or so, and then gave it as their universal opinion that there wasn't a pea in it

'I tell ye there is' said the old captain, again scooping up a handful, 'and I'll bet a dollar on it.'

The old Boston argument all over the world. They took him up.

'Well.' said he, 'spell that pointing to the word 'P-e-p-p-er,' painted on the side of the barrel 'If it isn't half p's then I'm no judge, that's all ' The bet was paid.

Raspail, about whose death, by the way, there seems to be some uncertainty, was accustomed to say that he had spent fourteen years in prison for political offences, ten in exile, had been deceived a hundred times and poisoned seven.

A Copenhagen paper states that a celebrated photo-lithographer lately surprised the directors of the national bank by presenting them with a packet of notes made by himself, which so exactly resembled the current paper money of the realm that none of the officials could distinguish them. He also assured them he was able to copy the notes of every other country with equal exactitude

Some days ago a bright little juvenile [illegible] years of age, named Rosa, was teased a good deal by a gentleman who visits the family. He finally wound up by saying, "Rosa, I don't love you." "Ah, but you've got to love me," said the child. "How so?" asked her tormentor. "Wey," answered Rosa, "the Bible says you must love them that hate you, and I am sure I hate you."

SAWS!

CIRCULAR SAW,

With Movable or Inserted Teeth

We claim for our Patent Circular Saw the following advantages over all others

The shanks of the teeth are elastic and exert a uniform distension in the sockets

The stability of the plate is in no way affected by inserting new sets of teeth

Each tooth, independently may be adjusted to the cutting line.

No rivits, keys, or other objectionable appliances are employed in connection with the teeth which are as simple in construction, and as easily used as that for a bolt

In short, all the difficulties heretofore experienced in the use of movable teeth for saws are fully met and obviated by this invention

LINIMENT!

CURES A

Great Variety of Diseases,

SUCH AS

Consumption in its first stages and all Difficulties of the Throat and Lungs also Spinal Diseases and Kidney Troubles, Diphtheria, Coughs, Colds, Influenza, Bronchitis, Asthma, Whooping Cough, Cramp and Pain in the Stomach, Bowels or Side, Rheumatism Chronic Diarrhœa, and Dysentery

Read the following certificate from Deacon JOHN HODGKINS of Jefferson Me

SOUTH JEFFERSON ME

In May 1866 our agent met with Deacon John Hodgkins of South Jefferson Me who related the following astonishing cure effected by Johnson's Anodyne Liniment He said Some time ago my son was taken sick with a serious lung difficulty which threatened to end in quick consumption We immediately summoned our family physician who attended him faithfully for about four weeks during which time he gradually grew weaker Becoming very much alarmed about himself and being satisfied that he was growing worse all the time he finally refused to take any more medicine from the physician and expressed a wish to try Johnson's Anodyne Liniment I immediately told the physician expecting that he would object to his using it but he did not He said Let him try it it won't hurt him and may do him some good

He did try it and continued its use some time taking it inwardly and bathing the chest and lungs outwardly Very soon he began to improve gradually gaining strength, until at last we had the satisfaction of knowing that the foundation of his disease was broken up

My son is alive and well to day possessing a strong and vigorous constitution which we attribute under God, to the use of Johnson's Anodyne Liniment I can further say that I never allow myself to get out of the article, and that in my judgment it is the best family medicine in the world

Signed JOHN HODGKINS

Deacon Hodgkins is one of the most respectable citizens in the community in which he lives and made and signed this statement in presence of witnesses We invite any who are interested to correspond with him in regard to the above

FROM MAJ JEREMIAH FENNO

BANGOR, May 1st 1867

MESSRS I S JOHNSON & CO BANGOR ME

Gentlemen— While on duty as paymaster in the army in the Southern and Southwestern States for about four years I had frequent opportunities of observing the extraordinary and beneficial effects of the American Anodyne Liniment put up by you

Among those who used it—and to my surprise I found that its use was very general with our soldiers there seemed to be but one opinion as to its wonderful efficacy and marked superiority over all other medicines of its kind

As the arms which the *boys in blue* carried were a defence against the rebels so Johnson's Liniment (the great Maine remedy as they called it) was a sure defence against almost any bodily ill, whether it was an *Ache Sprain Cramp Bruise Cut Cold Cough Rheumatism Diarrhœa Bites of Venomous Insects* or almost any other complaint that might beset them during the terrible exposure to which they were subjected in their South[illegible] campaign

Among the cavalry the Liniment was considered especially valuable for *Wounds Sprains* and other injuries to their horses

KIDNEY COMPLAINT

This most distressing disease has become alarmingly prevalent within a few years and is proving a destroyer of human happiness and in some cases of human life It is not confined to old or middled aged, but is quite as frequent among children and young people as any other class One of the most effectual remedies known for this dreadful complaint is Johnson's Anodyne Liniment It has never failed as yet as we have abundant proof to show We refer with pleasure to the following letter from H D E Hutchins Esq , a gentleman and a merchant well and thoroughly known in Fryeburg Oxford County Me where he resides

FRYEBURG Mar 1 8 18[illegible]

MESSRS I S JOHNSON & CO

Dear Sirs,—In the fall of 1866 I was attacked with a violent pain through my back and kidneys, which laid me up for more than a year I consulted the best physicians in the county and Portland Some pronounced it kidney some spinal disease After being under their treatment six or eight months and receiving no particular benefit I was advised by a friend to try your liniment On taking part of a bottle, it brought away, in my water, something similar to the *filings of steel*, which relieved me in part, and, by continuing to take it for three months or more I was completely cured I most heartily recommend it as the best family medicine I ever used With pleasure I send you the foregoing statement You can make such use of it as you deem proper

Respectfully yours,
H D HUTCHINS

The foregoing statement may be relied upon, not only as coming from a gentleman who thoroughly understands his own case, but one who has sold and watched the operation of our liniment for more than *twenty five years*

EARACHE

Put in two or three drops of Anodyne Liniment stop the ear with undressed wool bathe the feet in warm water on going to bed and keep the head warm at night.

Sick Headache, Nervous Headache Dizziness, spells of Blindness, &c , may be cured by a box of Parson's Purgative, Pills which only costs twenty five cents.

SPINAL DISEASES CAN BE CURED.

Don't fail to read the following statement of facts,—

Remarkable cure of a most obstinate case of spinal difficulty effected by Johnson's Anodyne Liniment.

Mr. Farrington, now of the firm of Hutchinson & Farrington, Burnham, Waldo County, Me., who has [illegible]

Farrington in relation to his difficulty, they are invited to address him The above statement is entitled to great consideration, on account of the nature of the case, and coming, as it does, from a man whom we all know to be of undoubted reliability,

CASTING BREAD UPON THE WATERS, AND WHAT CAME OF IT.

Some time since a stranger came into our office to sell something. We do not remember what, but noticing that he had a bad cough we gave him a bottle of our Johnson's Anodyne Liniment, for which he thanked us, and departed. As he was a stranger in our city and a man we never saw before, we had no expectation of ever hearing from him again; but to our surprise about a fortnight later, we received the following well written letter for which we take this opportunity to thank the gentleman, hoping that this may sometime meet his eye

UNITED STATES HOTEL,
PORTLAND, ME , Aug 17

Dear Sir —I beg to tender you my sincere thanks for the bottle of "Anodyne Liniment" which you gave me and which has cured me of that troublesome and dangerous cough which excited your sympathy I trust the remedy will become still more widely known than it it is and do a world of good

With sincere respect, I have the honor to be yours truly F DWIGHT KENDALL

FROM A MASSACHUSETTS PAPER.

We cut the following statement some years ago — FACTS WORTH KNOWING! Johnson's Anodyne Liniment is superior to any other Liniment or Pain Killer in the world It is equally efficacious, whether taken internally or applied externally

It will cure Cough or Hoarseness
It will cure Whooping Cough
It will cure Influenza
It will cure Bronchitis
It is the best article that can be taken for Bleeding at the Lungs or Spitting of Blood
It will in most cases cure Croup
It will cure Chronic Diarrhœa
It will cure Dysentery of long standing
It is a sure cure for Bloody Dysentery
It will cure Lame Stomach
It will cure Pain in the Stomach or Bowels
It is sure cure for Kidney Complaints of recent date and will relieve those of long standing, it will also cure *diseases of the Spine* And, from its great cleansing and Healing properties, it is the best medicine that can be applied to a Fever Sore
It is the best outward application known for flesh wounds sprains bruises, swollen or stiff joints
It stands upon its own merits and is warranted to be the best family medicine ever discovered

CHRONIC DIARRHŒA.

The following statement of William Clark, Esq , is entitled to great credit having come to us fully attested and sworn to without any solicitation on our part or even knowledge that such a thing was in contemplation

MR I S JOHNSON Dear Sir,—I was attacked with the diarrhœa in the year 1848, and tried all of the many medicines that was recommended to me for that complaint but they had no effect whatever I then applied to different doctors, both in this State and in Massachusetts They could not help me I was reduced to most a skeleton, and through the goodness of Providence, I was told of your Anodyne Liniment I commenced taking it in the Spring of 1852 and found it helped me, so I continued the use of it until I had taken nine bottles I am now perfectly well and over fifty pounds heavier than last summer I give you these lines that you may publish them if you see fit, for the benefit of the suffering community I think it one of the best medicines that the world affords If any one should think this a humbug, please inquire of my neighbors here there are plenty that will testify to the truth of these lines I purchased the Liniment of Mr A Merrill of this place The undersigned would further testify, that he thinks the Liniment was the whole means, through the blessing of God, of saving my life I weighed in the spring of 1852, a hundred and thirty two pounds I now weigh a hundred and eighty nine pounds and a half

MR I S JOHNSON Sir,—Enclosed we send you a certificate sent us voluntarily by Dr Merryfield, [illegible] may use at discretion

Yours HOWE BROTHERS

Having taken your Anodyne Liniment for Bronchitis with a distressing cough and tightness about the lungs and chest I found the first dose to act like a charm upon the cough, giving perfect relief, and removing all difficulties before taking half a bottle I feel it my duty to express my gratitude to you and say to suffering humanity, try the Liniment and you will be cured

A STIFF LEG BENT AT THE KNEE. LIMBERED AND STRAIGHTENED.

The following certificate was sent us, without solicitation and with no personal knowledge of the fact

DR A JOHNSON Dear Sir,—In consequence of having a fever sore on my leg, it became entirely stiff and bent at the knee at a right angle, so that from the knee down I was obliged to wear a wooden leg for several years The lower limb was so much in the way that I decided to have it amputated, and a consultation of physicians for the purpose was held but "Johnson's Anodyne Liniment" being recommended to me as a powerful agent in relaxing the muscles and cords, I concluded to give that a trial and to my great joy I found, by using three bottles my leg was limbered and straightened, so for years I have been able to use it about as well as the other I consider myself indebted to the use of your *Liniment* through the blessing of Providence for the use of my leg, and would say to others who may need help in this way Try it, and no doubt you will be cured,

TWENTY FIVE YEARS' EXPERIENCE.

NEW GLASGOW, N S , Aug 1, 1862

This is to certify that I have been acquainted with Johnson's Anodyne Liniment for twenty-five years, during which time I have both sold and used it in my family I have no hesitation in saying I consider it an excellent family medicine I think it unequalled in Whooping Cough In recommending it, I am not only doing an act of justice but, I feel confident, an act also of humanity

In using it for Coughs, I generally combine it with something to act on the liver and bowels (Parson's Purgative Pills)

CASE OF CURED BY JOHNSON'S ANODYNE LINIMENT

Read the following certificate from one of *our own* most respected fellow citizens —

BANGOR, Feb 29, 1862

MR JOHNSON Dear Sir,—For more than two years I have been afflicted with that distressing complaint Chronic Diarrhœa, have been treated for it by some of the best physicians in this city and other places, but without any good result, had lost my appetite lost my strength, not able to perform any kind of labor and found I must soon be a burden to myself and to my family About three months since I was urged by a friend to try Johnson's Anodyne Liniment and did so without much hope or expectation of being benefitted, but I must say, as soon as I began to take it, I began to feel better, and I am now well and strong, can eat my allowance of most any kind of food, without causing me any distress We have used it in our family for colds and Internal Pains and I do think it the best family medicine I ever saw I live on Fourth Street in the city of Bangor, and would be glad to tell anybody how much benefit I have received.

Dr. PARSONS'

PURGATIVE

PILLS.

For the Cure of a great variety of Diseases, arising from the Impurities of the Blood, and Obstructions in the Organs of Digestion.

The only cathartic that will relieve the bowels, cleanse the blood, and renovate the system effectually without causing those horrid griping pains, and leaving the bowels in that torpid, costive state, which is true of most cathartic medicines now offered for sale These Pills are not (like most others) composed of antimony, quinine, mercury, and calomel, but of cathartics used and approved by all good medical practitioners

These Pills may be used in all forms of disease, with the most decided benefit, and without fear of injury They do not cramp or rack the delicate frame or weak constitution, but will be found particularly useful by stimulating the weakened and distempered parts into healthy action

The most delicate female, and children of the tenderest age, can take these Pills with perfect safety, and the most salutary results will follow Married ladies, under all all circumstances, will find these a safe, and in small doses, a mild cathartic

They do not make the weak weaker, but gave strength and tone to the digestive organs

ALL WHO NEED PHYSIC, TAKE P. P. PILLS.

If your system is in an unhealthy state, two or three Parsons' Pills will bring it round all right

Parsons' Pills are the best known remedy for Constipation of the Bowels, Inflammation of the Kidneys, Nervous Headache, Sick Headache, Irregularity, Costiveness, Billiousness, Dyspepsia, Indigestion, Female Obstructions, Whites Influenza, Loss of Appetite, and Loss of Strength

FROM THE "MAINE FARMER."

Parson's Purgative Pills are a safe, wholesome, vegetable, and natural medicine and may be relied upon as being the best Anti bilious medicine in existence.

Let the reader reflect that *Parson's Purgative Pills* are now manufactured and sold by the proprietors of Johnson's Liniment, an article that has reached a larger scale and more extended popularity than any other medicine known, and any attempt on their part to build up a reputation for a worthless article would blast their reputation as compounders of medicine, and ruin their prospects, both in regard to the Liniment, and everything else for which they seek the favor of the public

Acting with this view, we have been scrupulously particular not to say any thing in favor of our medicines which the facts in the case do not warrant.

PARSONS' PURGATIVE OR ANTI-BILIOUS PILLS.

Notwithstanding the great variety of Pills now in the country, a necessity has long been felt, and freely acknowledged, both by physicians and families, for a safe and reliable Anti bilious Pill,—something that should be free from mercury and every mineral or deleterious substance, and be really safe to administer to infants or the most delicate patient To meet this demand, *Parson's Purgative Pills* were compounded, every property of which has been carefully analyzed by experiment and scientific investigation. Thus they are believed by physicians and people, wherever they are known, to be the safest, surest, and most desirable family pill in the country, Notwithstanding they are so mild in their operation causing no griping pains, they are composed of powerful vegetable substances, and will be found to be sufficiently searching and active to cleanse out the obstructions in the most robust constitution *Parson's Purgative Pills* also have the best effect on the Liver of any medicine yet discovered, at the same time they help the Kidneys, relieve the Lungs, and cleanse the Blood of all impurities, also equalizing its circulation, thus preventing cold surface and limbs, or undue heat and congestion, either inside or out. It is as plain as 2 and 2 are 4 that what is required in a family Pill is one that will reach with effect to produce proper excretion, and open all the natural drains *Parson's Purgative Pills* will do this with promptness and fidelity, and no physician's prescription could do more Many people suppose that the Bible declares money to be the root of all evil, but it is not so,—it is the love of it which is spoken of But don't love your money so as to keep you from buying a box of *Parson's Purgative Pills* when, by so doing, you may avert much pain and lingering distress and perhaps save a *life* Our advice is to keep them constantly on hand, as you may by their use break up fevers, or crop in the bud those symptoms which might otherwise result in long and weary sickness

CHAPPED HANDS —Rub them well at bed time with Anodyne Liniment, and wear leather or kid gloves during the night, for chapped lips, apply it with the finger

SHERIDAN'S

CAVALRY

CONDITION

POWDERS

FOR THE THE

Horses, Cattle and Sheep.

These Powders should be given in all cases of Loss of Appetite, Roughness of the Hair, Stoppage of Bowels or Water, or thick Water, all Coughs and Colds, Swelling of the Glands of the Throat, Worms Horse Ail, Hide-Bound Thick Wind, and Heaves They are equally good for Diseases of Horned Cattle and Sheep

VALUABLE TESTIMONY

IN FAVOR OF SHERIDAN'S CAVALRY CONDITION POWDERS

We regard the following as the most valuable testimony which we have to produce to show the superiority of our Powders over all others, and the importance of giving them freely to horses that labor [illegible] ly —

[illegible]

Our travelling agent called upon Messrs S W Pope & Co , lumber merchants, Machias Me and tried to sell them some of our Sheridan Powders, but they refused to buy them, first, that they did not believe that they were [illegible], and, secondly, that they had some of another kind on hand, which they could neither use or sell on account of their worthlessness Our agent deeming it important that they should have them, (knowing that they employed a large number of horses in business) proposed to leave them three (3) dozen with the understanding that *they should use them*, and, if not *entirely satisfied*, they were to pay nothing for them The Messrs Pope & Co accepted the proposition, and took the Powders In [illegible] months after, our agent again visited them, they cheerfully paid for the three (3) dozen unconditionally, and bought five (5) dozen more, [illegible] cember following, just twelve months from leaving the first three (3) dozen, on his return from the Provinces, our agent sold them eight dozen more, making SIXTEEN (16) dozen sold them for cash, in just one year We avail ourselves of this opportunity to publicly thank the Messrs Pope & Co for their generosity in permitting us the use of their names, for certainly there are none more widely or favorably known and none that would be of more advantage to us in point of influence

AN HONEST DOUBTER CONVINCED

In February, 1866, our agent called upon Capt Charles Sager, who keeps the largest [illegible] of let horses in the city of Portland Me and tried to sell him a sample dozen of our Sheridan's Cavalry Condition Powders, but the captain stubbornly refused to buy, and would not even receive them on trial with the option to pay or not, as he pleased remarking that he could make a Condition Powder himself that would answer his purpose besides he had some of another kind on hand, that he used occasionally. So our agent contented himself by putting up a poster in his office, gave him a [illegible] of the Powders, and departed Just one year after Capt Sager went to the City Hotel, met our agent, and, without solicitation, bought for cash, [illegible] of the Cavalry Powders, and volunteered the use of his name, in any way that would tend to increase their field of usefulness

All who know Capt Sager, and have done business with him, will unite with us in saying that he is one of the most candid reliable, and gentlemanly horsemen in the State of Maine and his opinion on this as well as on other subjects in any way connected with horses, is entitled to great consideration

WHAT THEY ARE FOR.

"Sheridan's Cavalry Condition Powders " should be given to horses in all cases for loss of Appetite, Roughness of the Hair Stoppage of Bowels or Water or Thick Water, all Coughs and Colds, Swelling Throat, Worms Horse ail, Hide bound Thick Wind, and Heaves They are equally good for cases of horned cattle and sheep, young cattle horses fitting for market may be greatly improved and very much enhanced in value by the use of the powders

Old horses almost worn out and apparently useless, may be rejuvenated, and made to do a considerable amount of service, by the use of the Cavalry Condition Powders" Most horses are subject to worms, and, while they exist in a horse, he cannot thrive the food that should strengthen and nourish the animal is absorbed by the worms hence the horse will have a great appetite and continue to grow poor

SYMPTOMS —Hide bound, coat stares eyes dull and glaring, great appetite, &c Sheridan's Cavalry Condition Powders " will positively relieve the worst cases.

There is no man, or set of men, that can use these Powders on a horse, no matter how (apparently) well he may be, without admitting that the horse has been benefitted many times the value of the Powders given. In support of the above statement we ask attention to the following —

The undersigned, having experienced great benefits resulting from a frequent use of Sheridan's Cavalry Condition Powders " for horses cheerfully permit the use of their names in recommending them to be (in their opinion) the best thing of the kind now in the market

FROM THE HON JOSEPH FARWELL, MAYOR OF THE CITY OF ROCKLAND, ME

In July, 1865, our agent met with the Hon Joseph Farwell at the Eastern Hotel, Machias, Me on his way to Pembroke He remarked that his horse had not been well during the day, and had manifested signs of giving out In the evening the horse grew much worse, and showed symptoms of having a stoppage of water; our agent gave Mr Farwell a package of our Sheridan's Cavalry Condition Powders He gave the horse a good dose that night, and the next morning he departed with his horse apparently well We heard no more of the matter till the following May, when our agent met Mr Farwell at his home in the city of Rockland, Me , when he remarked that the Powders he had received did his horse a great deal of good, that he had used them frequently since, and always with gratifying results; and that he regarded them as the best Condition Powder in the country, and very kindly said if his name would be of any service to us we might use it. Mr. Farwell's address is Rockland Me and for a verification of the foregoing plain statement of facts, any person is at liberty to call on him
